

BrowZine – the mobile app that lets you browse, read and monitor scholarly journals right on your Apple or Android-powered device! Sync your device with the web version to read on your computer, too!

1. Download BrowZine from the app store for your device.

2. Choose **University of Texas Medical Branch** and login with your UTMB email username and password. *Hint: Avoid scrolling by searching “medical branch”*

Note: You will also need to set up an individual account on BrowZine in order to save journals to a bookshelf and sync between the mobile and web versions.

From the app:

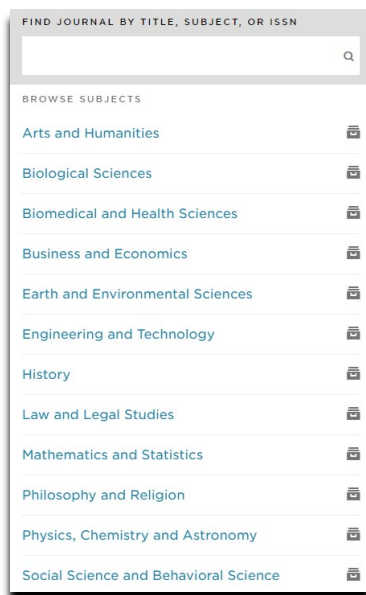

1. Tap Settings
2. Tap Log In
3. Tap Sign Up to create an account. Enter your email address and a password to use with BrowZine (not your email password).
4. You will receive an email to authenticate your account. Once you click the verify button in your email, you will be able to add journals to your bookshelf and sync with the web version.

From the web version:

1. Click the Settings icon in the upper right of the page.
2. Under BrowZine Account, click on Login to BrowZine.
3. Click Sign Up to create an account. Enter your email address and a password to use with BrowZine (not your email password).
4. You will receive an email to authenticate your account. Once you click the verify button in your email, you will be able to add journals to your bookshelf and sync with the app version.

Using BrowZine:

Search for journals by subject or title.

Save journals to your shelves, save articles to read offline later, read and share articles, or export articles.

Other Features:

- ✓ Receive new article notifications
- ✓ Email articles
- ✓ Save to EndNote, Mendeley, Zotero or other services
- ✓ Share articles on Facebook or Twitter
